Chis Gheorge Sorin

Address: Timisoara, Romania

Email: kish.sorin@yahoo.com

Enthusiast programmer, passionate about clean and organized code. Constantly learning new things in order to become a better developer, I aim to know and work with the newest fullstack web development technologies.

EXPERIENCE

Lambda Schoo
April 2019 - present

Team Leader

- Provide instructional feedback to students in the Full Stack Web Development portion of their program.
- Debugged student code for projects written in React and Node.
- Offered feedback on student projects, code, and performance as reported to their Section Lead.
- Managed student attendance and identified solutions to any learning blockers they were experiencing.

IT-Labs RD Timisoara
20.06.2018 - 18.09.2018

Intership Mobile Developer

- Utilized advanced functions of the Java software development kit (SDK) in order to optimize flexibility of apps to different mobile devices.
- Fixed bugs and improved application performance.
- Create Firebase database structures that integrate with Android applications and webinterfaces.

SSI SCHAEFER - Timisoara
06.10.2017-31.01.2018

Analyst - Java School

-apply generally accepted programming standards and techniques in Java to assure efficient program logic and data manipulation.
-processing SQL Statements with JDBC.
-creating html tables
-coordinate with project team members
-used version control software as CVS

S.C. Barany Group Infrastructure S.R.L.
17.06.2014-04.07.2016

Topography Technician

- Design and develop information databases that include geographic and topographic data.
- Compare topographical features and contour lines with images from aerial photographs, old maps, or other reference materials to verify the accuracy of their identification.
- Identify and compile database information in order to create maps in response to requests.

EDUCATION

Lambda School
January 2019 - April 2019

Full Stack Software Engineer Student

- Completed: Web Foundations - HTML, CSS, JavaScript, Git, and UI Best Practices
- Completed: Web Application Development - React, Redux, React Router, HTTP/Ajax, and Functional Programming Techniques
- Completed: Back End Development - Node.js, Express, SQL, SQLite, Authentication

West University of Timișoara
2016-2018

Geographic Information System(GIS) Specialist
- Spatial Data and Algorithms understanding
- Object Oriented programming.
- Web Services knowledge and experience(HTML,CSS,Java Scrips,XML,Ant)
- Structured Query Language (SQL) knowledge

"Vasile Goldis" Western University of Arad
2013-2015

Topography Technician
- Create maps
- Gather physical survey data.
- Civil engineering principles, practices and construction specifications, plans and regulations related to construction;

Faculty of Economics and Business Administration Timisoara
2008-2011

Economic Development & Tourism Management
- Tourism expansion and economic development
- Strategic management in tourism
- Tourism development and economic growth
- Sustainable tourism management

National College Traian Lalescu, Resita, Caras-Severin
2004-2008

High school diploma

Mathematics-Informatics profile

SKILLS

- advance knowledge of React , Redux and Node
- good understanding of Databases: knowledge of SQL queries - CRUD operations and other like joins, aggregations, and indexing;
- good understanding of Java Object Oriented Programming Concepts, Data Structures and Collections;
- skilled in the use of technologies in the Java ecosystem: JDBC, JUnit, Ant, Swing;
- good communication and organisational skills;
